Clarification

Subject: Clarification of queries regarding Request for Proposal for selection of creative agency for production of creative on "Twin Pit Technology" and "Water Conservation" of Ministry of Drinking Water and Sanitation.

Ministry of Drinking Water and Sanitation is in receipt of some queries regarding Request for Proposal for selection of creative agency for production of creative on "Twin Pit Technology" and "Water Conservation" of Ministry of Drinking Water and Sanitation. I have been directed to inform the following :-

1) The RFP was placed in the Government's e-procurement platform on 6th November 2017. This was followed by a print ad in all leading national dailies inviting bids. The last date for submission is 30.11.2017 which gives more than the mandatory 21 days required from floating an RFP to last date of submission of bids

2) It is clarified that the RFP is only for two campaigns "Twin Pit Technology" and "Water Conservation".

3) It is not possible to make any exemption/change in the RFP at this stage with respect to queries/ suggestions made including procedures/ qualifying criteria

To

Dir (nic) for uploading on MODWS website.
